## STEM CAMPS

### AI, ANIMATION & ARCADE GAME DESIGN

In this hands-on camp, students bring machines and games to life by combining advanced robotics with creative pixel-based game design. Kids will program smart robots using sensors and logic, then design their own interactive video games inspired by their video game-playing experience. This camp builds problem-solving, creativity, and computational thinking - perfect for young innovators ready to move beyond basic coding and into real-world tech skills.

**Ages 10-14**      **\$265**      **Crooked Creek Park**  
M-F      Jul. 13-17      9:00 A.M.-3:00 P.M.

### ARCADE GAME DESIGN, MINECRAFT MARS & CITY BUILDING

Dive into hands-on game creation! Campers will design pixel-style arcade games, animate characters, and tackle Minecraft challenges like Mission to Mars and City Building. They'll also explore age-appropriate cyber-security, learning online safety and digital responsibility. Perfect for creative, tech-loving kids—this camp blends fun with real-world, future-ready skills.

**Ages 7-12**      **\$265**      **Crooked Creek Park**  
M-F      Jun. 8-12      9:00 A.M.-3:00 P.M.

### LEGO SCIENCE LAB

Embark on a journey of exploration and discovery in the LEGO Science Lab Program, where kids dive into hands-on STEM learning. Using LEGO's engaging tools and the exciting world of physical science, students explore force, motion, and energy through creative building challenges.

**Ages 7-12**      **\$265**      **Crooked Creek Park**  
M-F      Jun. 22-26      9:00 A.M.-3:00 P.M.

### MINECRAFT SPACE & TIME TRAVEL

Our Minecraft Time Travel program is a favorite among kids, combining the excitement of gaming with engaging educational experiences. In this camp, participants will journey through different historical eras, discovering architectural marvels of the past. They'll also unleash their creativity to envision the future, designing futuristic cities filled with innovation. Additionally, campers will explore the fundamentals of rocket components, applying their newfound knowledge to design their own rockets and create imaginative space-themed theme parks—all within the captivating world of Minecraft.

**Ages 7-12**      **\$265**      **Crooked Creek Park**  
M-f      Jul. 6-10      9:00 A.M.-3:00 P.M.

### MINECRAFT VOYAGER & MISSION TO MARS

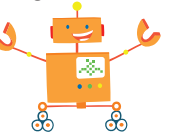

In this epic Minecraft adventure, students embark on a journey across land, sea, and space—starting as explorers on Earth and ending as engineers on Mars. Kids will complete engineering quests, design vehicles and settlements, and solve survival challenges using logic, creativity, and teamwork. This camp transforms Minecraft into a powerful STEM learning environment, blending exploration, problem-solving, and space science into an unforgettable experience.

**Ages 7-12**      **\$265**      **Crooked Creek Park**  
M-F      Jul. 27-31      9:00 A.M.-3:00 P.M.

### ROBOTICS 1.0

Explore the world of robotics! Campers will design, build, and program LEGO-based robots while learning foundational mechanics and visual coding. This hands-on camp encourages creativity, problem-solving, and teamwork as students test ideas and refine their designs.

**Ages 7-11**      **\$265**      **Crooked Creek Park**  
M-F      Jun. 1-5      9:00 A.M.-3:00 P.M.

### ROBOTICS 2.0 & PIXEL GAME DESIGN

In this hands-on camp, students bring machines and games to life by combining advanced robotics with creative pixel-based game design. Kids will program smart robots using sensors and logic, then design their own interactive video games inspired by their video game-playing experience. This camp builds problem-solving, creativity, and computational thinking - perfect for young innovators ready to move beyond basic coding and into real-world tech skills.
