PC BUILDING CAMP

At our PC Building Summer Camp, participants will gain hands-on experience assembling a fully functional computer while learning the ins and outs of hardware, software, and system optimization. And the best part? You get to take your built PC home at the end of camp! What to Expect:

- Learn each component's role and how to build a computer from scratch.
- Understand how CPUs, GPUs, storage, and RAM work together.
- Gain the skills to diagnose issues and improve performance.
- Customize your system for gaming, school, or creative projects.

Our instructors will guide campers to ensure a fun, educational experience. For details visit MidlandsGaming.org/MGA.
